## SUGGESTED STOPS BETWEEN PORTLAND AND MULTNOMAH FALLS

### LUNCH SUGGESTION IN DALLES

**Freebridge Brewery** - Freebridge Brewery is located in The Dalles's historic U.S. Mint building – built in 1864, the facility never actually operated as a U.S. Mint. Continue on to Smith Rock in Central Oregon or take a trip to the Painted Hills.

When you travel to the **Painted Hills**, you can see millions of years of history revealed in the layers of mountains of earth, one color at a time. The hills get their name from the delicately colored stratifications in the soil and the yellows, golds, blacks, and reds of the Painted Hills are best seen in the late afternoon. Tones and hue may appear to change from one visit to another, as the claystones differ with ever-changing light and moisture levels. Once you see them for yourself, it's pretty easy to understand why the Painted Hills are one of the 7 Wonders of Oregon.
