MIRBEAU INN & SPA | SKANEATELES, NEW YORK

Take a trip to France minus the jet lag at this classy French-country-style Finger Lakes inn inspired by Monet's gardens in Giverny. Lovely gardens abloom with roses, irises and peonies cozy up to a lily pad pond spanned by a Japanese-like bridge. Up your indulgence quotient at the spa with a honey and wine wrap, Cabernet scrub or vitamin-infused facial, and debate which is more relaxing: the outdoor rustic rock-lined whirlpool with cascading waterfalls right next to a bar, or the grand Roman bath-style resting area amid frescoed walls, a stone fireplace and heated foot bath.

Free fitness and yoga classes are available for day spa visitors or overnight guests. But with a fireplace and oversized claw-footed tub, you may never want to leave the guest room. — SHARON McDONNELL
